

POWERHOLD

CLEANING SOLVENT

Disolvente Limpiador

5050

DESCRIPTION:

POWERHOLD 50 Adhesive Remover/Stripper is a specially formulated low odor cleaning solvent, used to remove cured adhesive from flooring covering products and installation tools.

DIRECTION FOR USE:

VAPOR HARMFUL! Use only in well ventilated areas with exhaust to the outside.

1. Use a dry cloth to remove as much adhesive as possible before it hardens. Always use a clean, white cloth (do not use colored cloth as the dyes can migrate from the cloth to the flooring material) when using cleaning solvent.
2. Apply cleaning solvent to cloth. Do not flood surface or pour directly onto adhesive. Gently rub the stained area with the dampened cloth. If this does not seem to affect the stain, rub more vigorously.
3. Do not use this product for any use that requires quantities of product to be spread over large surfaces.
4. Allow cleaned area to dry thoroughly before allowing traffic.
5. Dispose cleaning cloth in accordance with local, state, and federal regulations.

CAUTION:

Do not use as a hand cleaner.
Do not pour directly on flooring material.
Do not spread over large surfaces.
Do not use colored cloth as the dyes can migrate from the cloth to the flooring material.

HEALTH AND SAFETY INFORMATION:

Use only in well ventilated area.

INHALATION: Avoid inhalation of solvent fumes. If you experience difficulty in breathing, leave the area to obtain fresh air. If continued difficulty is experienced, get medical assistance immediately.

SKIN CONTACT: Remove contaminated clothing and shoes. Wash skin thoroughly with soap and water. Wash clothes and air out shoes.

EYE CONTACT: Flush with large amounts of water for 15 minutes, lifting upper and lower eyelids. Get medical attention.

IF SWALLOWED: Do not induce vomiting, call a physician immediately.

AFTER USAGE & CLEANING: Dispose soiled clean-up rags properly per local regulations.

KEEP OUT OF REACH OF CHILDREN.

VAPOR HARMFUL! Use only in well ventilated areas. Prevent build-up of vapors by opening all windows and doors or use other means to achieve cross-ventilation of moving fresh air across work area at all times. Do not use around sources of ignition such as open flames, pilot lights, etc. Do not smoke. Do not store at temperatures above 120° F, or in direct sunlight. Do not incinerate container.
